## The Ultimate Secluded Getaway!

Autumn Ridge is located just two miles south of Downtown Historic Lexington, Virginia. The three cottages are situated on a forty-acre ridge surrounded by grassy fields and woodlands.

Enjoy the Blue Ridge Mountains from the picnic table at the end of the ridge! Wildlife is abundant with deer, wild turkey, rabbits and birds of all types.

The location is ideal in its convenience to Lexington while maintaining a secluded atmosphere. The cottages have been carefully situated so that each one is not visible from the others. Autumn Ridge is a setting that allows for peace and serenity.

Although the cottages are new construction, they are designed with that old, rustic mountain cabin feeling of the past. The exterior is clapboard siding with cedar trim. All cabins have furnished front porches. Relax and enjoy the view! The interiors are all wood-paneled, tastefully furnished and comfortably outfitted.

There are three cottages at Autumn Ridge. Although similar in design, they differ slightly as to accommodate the needs of different guests.

Come and stay at Autumn Ridge - renew and refresh your minds and hearts!

## Deerfield Cottage

Deerfield, the first of the three cottages, was opened in the summer of 1998. It is what many would define a honeymoon cabin. The full bath is located in the back corner of the building and everything else is in the great room. The theme of this cottage is antique farm implements. Furnishings are simple, yet elegant. Deerfield Cottage has a pewter gray exterior and warm, golden interior.
