Welcome...

Chicken Paradise is a small, exclusive B&B. There is one suite, and its guests have private run of the property and all that it offers. Those guests also receive the undivided attention of their hosts.

Chicken Paradise is unique among bed and breakfast accommodations in San Antonio. It offers luxurious accommodations and award-winning cuisine to be sure, but it is the only B&B in San Antonio situated on grounds that have been designated a national and state wildlife habitat. We invite you to explore them.

Your own "home away from home" accommodation will be the Paradise Suite- a detached guest suite with private entrance. It is available exclusively to you for as long as you care to stay and relax, vacation or conduct business in San Antonio. You can take advantage of the large swimming pool, wander the grounds and, of course, enjoy a full gourmet breakfast each day.

Chicken Paradise is more, much more than just a place to stay. It is a place to vacation. It is a place to relax. It is a place to recharge. It is home.

The Paradise Suite

The Pool and Paradise Suite

The Paradise Suite at Chicken Paradise Bed and Breakfast is very large- larger than most rooms you might find at a typical B&B. It's about six hundred forty square feet containing everything you might need for even the most extended of stays.

Suite View

The suite features a large, comfortable king-size bed. And of course it includes a full bath that is stocked with luxurious bath amenities, a hair dryer and even bathrobes. The suite offers entertainment, with a large flat screen television and a CD player. There's a bookcase stocked with interesting books and even some games. The suite is individually air-conditioned and heated and has a ceiling fan, window seat, two recliners and a full size dining table/desk.

The Paradise Suite

Suite View

Unlike many other rooms and suites at other hotels and bed and breakfasts, the Paradise Suite also offers you a small kitchen with a full range of kitchen necessities and appliances for your convenience. Breakfast, of course, is served by the pool or on the patio, but you may also have it brought to your suite.

Suite View

For the business traveler, and for those who get their news, weather and personal mail via the Internet, the suite has secure wireless Internet service, and fax and copy services are available. The suite is accessed via a private lighted entrance, a few steps from your parking area, which is large enough for two automobiles.

Come...hide away at Chicken Paradise!

Your Hosts

Your Hosts

Anne and Joe Barfield have lived here since 1980. They raised their two children here, and during that time the family enjoyed the home and grounds now known as Chicken Paradise. Anne, Joe and their family had celebrations, parties large and small and even weddings here on the grounds and in the gardens of Chicken Paradise.

In 1999, Joe decided he wanted to have some chickens here to guarantee a steady supply of fresh eggs. As time went by, the chickens multiplied and a few other feathered friends came to stay. Armed with several books, and the ability and patience to observe the chickens up close, Anne and Joe became the "chicken authorities" among their circle of friends and neighbors and now they even teach "chickenology" classes.

Anne and Joe love what they do. With just one suite, Anne and Joe can focus all their attention on one group of guests at a time, and you will find that this makes the "B & B experience" at Chicken Paradise unique.

The Cuisine

Breakfast by the Pool

A full gourmet breakfast is served and will be custom planned to suit your personal dietary restrictions or desires. All meals are gluten-free, and can also be diabetic, vegan, vegetarian, Atkins, low fat, low carb, casein or dairy free. Our free range hens provide the eggs for our breakfasts, and we bake with various organic gluten free flours and grains.

Guest Comments

We enjoyed great conversations and outstanding food. You are both great hosts." **B.B. - Fort Worth, TX**

The cottage was so comfortable and homey, and the grounds very peaceful. **J.M. - Revere, PA**

Even as non-celiac, vegetarian birdwatchers, we have been well cared for. The grounds are gorgeous, the chickens are fun to watch, and every morsel of food is fabulous. We hope to return someday. **M.G. - Lawrence, KS**

Here we are at the end of our third visit to your home. It gets harder to leave each time. Your home is so peaceful and relaxing. We look forward to our visit next year. **D.B. - Dallas, TX**

Tucked away in an unassuming street, your home and B&B really is like discovering a secret garden. It was the perfect place for us to stay. Our children enjoyed exploring, playing in the treehouse, and the chickens. **S.C. - Tamworth, Australia**
