Sugarloaf Cottages is the perfect location for a romantic weekend getaway, a fishing vacation or a family gathering. Located on the Sacramento arm of Shasta Lake, the resort is only 25 miles from Redding, California and is a sanctuary from the pressures of every day life.

Escape to a Mountain vacation at Shasta Lake! Escape to clean sparkling mornings... To trout and bass leaping from the deep, blue water of Lake Shasta... To miles of the best water skiing surface in the western United States... To cozy cabins nestled along the shore of Lake Shasta. Escape to Sugarloaf Cottages Resort.

Choose between one, two, or three bedroom units. Each Cottage comes with air conditioning, a picnic table, barbecue and an all electric kitchen, including a full size refrigerator, microwave, coffee pot, toaster, cooking utensils, dishes and linens. Enjoy pine-paneled bedrooms with fully appointed bathrooms, complete with bath linens.

Right out your front door you can enjoy a barbecue, volleyball, basketball or horseshoes. And the kids will love our play area, complete with a sandbox!

About The Lake

Imagine fishing on the bank of Lake Shasta, enjoying a quiet sunset with nature all around you while you wait for next hook-up, or maybe seeing the excitement of one of your children catching their first fish. With the abundant variety of fishing opportunities Lake Shasta offers, there is something for everyone, whether you're an expert fly fisherman or you're a beginner simply getting away with the family for the weekend.

Lake Shasta is renowned for the quality of brown trout that come into the lake from the many rivers that feed it. Our 9th Annual Trout Derby, October 2009, was another huge success!

Lake Shasta is California's premier spotted bass fishery, these fish are the toughest freshwater bass you can find. The lake has king salmon, smallmouth bass and nearby Salt Creek Inlet is known for its catfish. You can flyfish for wild trout on the nearby Upper Sacramento River or choose to just soak a line off our private dock.

If you are a member of a bass or fishing club, we have space for you. Call and let us know what you have to offer.
